MIENA RECTANGULAR	3185	580 X 380	64	21.54

Basis for the calculation: Franz Kaldewei GmbH & Co KG calculates the difference in GHG emissions between a KALDEWEI Low Carbon Footprint steel product, and the same product produced without using bluemint® pure.

Every product receives  
its own certificate.

KALDEWEI steel enamel,  
that is steel and glass made from  
minerals, iron ore & sand
