WINEO 1000 – STARKE DESIGNS UND NEUE OBERFLÄCHE

Bodenbeläge nehmen großen Einfluss auf die gesamte Atmosphäre im Raum. Um neueste Wohntrends und Bodendesigns in Einklang zu bringen, wurde im wineo Surface Design die PURLINE Bioboden Kollektion wineo 1000 neu gedacht: Entstanden sind moderne Dekore, die mit aktuellen Interieur- und Farbtrends kombinierbar und dennoch zeitlos wandelbar sind. Das Highlight der neuen wineo 1000 ist ihre Oberfläche – die NatureSurface: Eine ultra matte Oberfläche, die Holz und Stein zum Verwechseln ähnlich ist. Entdecken Sie die nächste Generation nachhaltiger Bodenbeläge mit einem Höchstmaß an Authentizität.

WINEO 1000 – STRONG DESIGNS AND NEW SURFACE

Floor coverings have a great influence on the overall atmosphere in a room. In order to bring together the latest living trends and floor designs, the wineo Surface Design has been reworked for the PURLINE organic flooring collection, wineo 1000: The result is modern decors that can be combined with the latest interior and colour trends, yet are timeless changeable. The highlight of the new wineo 1000 is its surface – the NatureSurface: An ultra matt surface that is confusingly similar to wood and stone. Discover the next generation of sustainable floor coverings with the highest level of authenticity.

WINEO 1000 – DES DESIGNS FORTS ET NOUVELLE SURFACE

Les revêtements de sol ont une grande influence sur l'atmosphère générale d'une pièce. Afin d'harmoniser les dernières tendances en matière d'habitat et les designs de sol, le service wineo Surface Design a repensé, la collection de sols organique PURLINE wineo 1000 : Il en résulte des décors modernes qui s'harmonisent avec les tendances actuelles en matière d'intérieur et de couleurs, tout en restant intemporel et modulable. Le point fort de la nouvelle collection wineo 1000 est sa surface – la NatureSurface : Une surface ultra mate qui ressemble à s'y méprendre au bois et à la pierre. Découvrez la prochaine génération de revêtements de sol durables avec un maximum d'authenticité.

WINEO 1000 – DISEÑOS FUERTES Y LA NUEVA SUPERFICIE

Los pavimentos tienen una gran influencia en el ambiente general de una habitación. Con el fin de armonizar las últimas tendencias de vida y los diseños de suelos, el wineo Surface Design ha replanteado la colección de suelos orgánicos PURLINE wineo 1000: El resultado son decoraciones modernas que pueden combinarse con las últimas tendencias de interior y color, pero que aún así son intemporales. Lo más destacado del nuevo wineo 1000 es su superficie, la NatureSurface:

Una superficie ultra mate que se asemeja confusamente a la madera y la piedra. Descubra la nueva generación de pavimentos sostenibles con el máximo nivel de autenticidad.
